

RIPPLES FROM THE CREEK  
HAPPY 25TH ANNIVERSARY

DEBORAH!!!!

April 2009

Dear Members:

As the Chair Person of Neilson Creek Co-op Board of Directors, I am always invited to submit something to the Newsletter on behalf of the Board. I always try to keep it brief and my submissions almost always have something to do with the Bylaws, other issues within the co-op and reminding the members of their promised commitments. Well this time it's my great pleasure to talk to you about one of my favorite people. This past March was the 25th Anniversary of Deborah DiSalle here at Neilson Creek.

Some of you folks have been here at Neilson Creek since it began and was first opened; and some recall when Deborah first came to work here. To others she has just always been here and is part of the co-op and indeed she is. In her 25 years Deborah has worn many hats; she has negotiated mortgage rates with the bank, made sure our investments are sound, gets the best rates from contractors, been a confidante to many of us, and a sounding board too.

I have also had the pleasure to sit with Deborah on the Manse Valley Community Association Advisory Board, and despite what many may think; this is not part of Deborah's duties as a Property Manager. Deborah has advised the board and encouraged us to get involved with MVCA so we would know what was going on in the community that we live. If it was problems with the garbage (one of her least favorite subjects, ha,ha) or the current building site behind 245, if a meeting was scheduled Deborah was there taking notes and reporting back to the Board.

All too often Neilson Creek business has interrupted the Di Salle family; yet Deborah has always just been a phone call away. She has come in on her days off, on her scheduled holidays, in the middle of the night and as Chair I have stood in the cold rain with her when a water main broke and waiting for the contractor to give us the verdict. Her quick action saved us a lot of money and resulted in very little time when residents were without water. On another occasion we sat on a cold dark evening in her van as a plumber was assessing the situation with a member's flooded basement. One board that I served with 2 or 3 summers ago will recall the problems when some unwelcome rats decided to take up residence at Neilson Creek. Deborah was on vacation and Charlie had assessed the situation, the board had an emergency meeting and yes Deborah was there for us ..... via speakerphone in the middle of the table! my point is that she is ALWAYS there for us and this co-op functions as well as it does because of her.

I find it distressing when I have heard the way some members speak to Deborah, the way they address her ..... and when I have heard some of the voice messages left at the office. Some of the comments have come from past members who no longer live here but, sadly some come from a few who still do live here. I have often compared Deborah's job to working in a fish bowl as she is always on display. I have had some members complain to me in the past that, "Deborah is not in the office today how come?"; sometimes she was there however, she had loaned out her van to a family member for the day or she was just simply not there, Deborah's employment does not always entail that she be confined or restricted behind the desk in the office. As a loyal and valued employee of 25 years Deborah has acquired holidays fitting to those years of service.

Deborah reports to the Board of Directors and works within the guidelines of the Bylaws and with the C.M.H.C.

To quote another Board Member "Our Coordinator is one in a million, she always goes above and beyond her job duties; doing things from home, even taking 24 hour calls. Making the Co-op and its members her family away from home, no problem is too big or too small; she is always there to help. This woman has taken great pride in her work and this Co-op; keeping herself updated on what other Co-ops are doing and any changes in the CMHC. This in return helps keep Neilson Creek one of the Best Co-ops in Ontario.....I for one would like all of you to know how lucky we are to have her. DEBORAH, YOU ARE ONE IN A MILLION!". Sheila Joncas wrote that in 1997 when she sat on the Board. Sheila said she still feels the same way to this day.

Many of us also feel the same way and please I encourage you to send your best wishes, call, send her an email or drop in to say Hello.....her door is always open, unless she is already with someone else who has done the same.

Deborah Congratulations!!! On 25 years of loyal and outstanding service, you are not just an employee but part of all of our families and you truly are ONE IN A MILLION. I don't know what we would do without you.

Your Co-operatively and grateful,

Donna McGhee  
Chair  
Neilson Creek Board of Directors

Dear Members;

In some ways, you can compare the membership of Neilson Creek to a ship. A ship is made up of many, many parts. They are different parts and often juxtaposed to each other. When the parts work together, a ship operates at its best. Individually, parts of a ship merely sink to the bottom of the ocean.

The same applies to the members of Neilson Creek. Individually, it doesn't work. As a team, there is no end to what can be accomplished.

Some people operate better in a large group. They would like direction and the social interaction. Others prefer to undertake tasks single - handedly. Both ways work well, because it is part of the overall team approach.

If you really look - *really look* - you will see that Neilson Creek is a well put together ship. It runs well because all of its parts work together. Recognize how great it is. Appreciate it. You are an integral part of Neilson Creek and it wouldn't work without you!

Deborah

TO THE MEMBERS OF NEILSON CREEK CO-OPERATIVE  
FROM THE MAINTENANCE COMMITTEE, APRIL 2009

SPRING CLEAN-UP IS BEING HELD SATURDAY MAY 2, 2009, AND THE RAIN DATE IS SUNDAY :MAY3.

PLEASE CONCENTRATE ON COMMON AREAS FIRST, AND HELP OUT WHEREVER YOU CAN.

WE NEED HANDS-ON PEOPLE TO CONTACT THE OFFICE FOR SPECIFIC AREAS OF ATTENTION IF YOU'RE ABLE DON'T BE SHY.

LAST CLEAN-UP WAS LIKE A WELL REHEARSED SYMPHONY WITH LITTLE SENSED STRESS. LET'S HAVE ANOTHER ONE.

WE HAVE BEEN LOOKING AT THE CONDITIONS OF OUR BACKYARD FENCES , AND DUE TO THE VOLUME OF REPAIRS REQUIRED, WE HAVE DECIDED TO COLLECT QUOTES FOR THEIR REPAIR. WE ESTIMATE TOO MUCH WORK FOR AVAILABLE WEEKENDS OVER TWO SUMMERS. ESTIMATED 150 LOOSE OR ROTTEN POSTS. NOT TO MENTION ROTTEN STRINGERS AND BOARDS.

HOPE YOU'RE WELL MAINTAINED.

TO THE MEMBERS OF NEILSON CREEK CO-OPERATIVE  
GREETINGS FROM THE RULES COMMITTEE, APRIL 2009

WHAT HAPPENS WHEN WE DON'T CARE; AN OBSERVATION.

I'VE HEARD SOME PEOPLE SAY,"YOU'RE EITHER IN OR YOU'RE OUT." THEY WERE MAKING A REFERENCE TO WHAT THEY PERCEIVE AS SOME MEMBERS BEING VAFOURED OVER OTHERS.

IF YOU COULD LOOK BEHIND SUCH A REMARK, YOU WOULD PROBABLY FIND, AND I HAVE FOUND EVERY TIME, THAT SUCH,REMARKS ARE RETALITORY IN NATURE. BITTERNESS IS SUCH SWEET REVENGE.

SOMEONE GETS COMPLAINED ABOUT BECAUSE THEIR CAR LEAKS OIL, OR THEIR KIDS ARE BOTHERING SOMEONE, OR THEIR DOGS AREN'T CLEANED- UO AFTER, OR THEIR CAR IS PARKED WHERE THEY KNOW IT SHOULDN'T BE, OR, OR, OR, BLAH, BLAH, BLAH.

THE PROBLEM LIES IN OUR DEFENSE MECHANISMS. WHEN WE DON'T CARE, WE DO NO WRONG. WRONG DOESN'T EXIST. RIGHT DOESN'T EXIST. OUR LIVES BECOME A MISSION TO ATTACK THE PEOPLE WHO ATTACK US WITH COMPLAINTS. WE ARE DEFENDINGOUR RIGHT NOT TO CARE.

YOU CAN'T DO THAT HERE AT NEILSON CREEK. EVERYONE OF US SIGNED A CONTRACT TO THE CONTRARY. SOME OF US WERE ALL KISSY PEACHY I'LL DO ANYTHING TO MOVE IN. REMEMBER? SO HOW'S IT WORKING OUT FOR YOU?

ARE YOU IN OR ARE YOU OUT?

## Environmental:

We Have One Planet Please Keep It Clean!

June 3, 2009 is clean Air Day

Do you know Canadians pay for poor air quality?

Ontario Medical Association estimated that air pollution costs more than 1 billion dollars a year in hospital admissions, emergency room visits and absenteeism from work.

There are two key actions to reduce the impact of global warming!

1. Cut emissions of green house gases by burning less fossil fuels such as oil and gas.
2. Find a way to capture the green house gases that are already in the atmosphere. We can do this by planting trees.

## Trailbreaker

Enbridge currently has plans to change how oil is being piped to Ontario through a project called "Trailbreaker". Their plan is to generate the oil supply from the tar sands which is the source of the most carbon-heavy oil in the world.

The proposal is to reverse flows of oil from Montreal to Samia, cutting off Ontario's access to "sweet light" crude, which is obtained overseas, and be entirely dependent on Alberta for future supply. Conventional oil in Alberta is running out which will mean that Ontario's supply would be entirely dependent on the tar sands, which is the most environmentally destructive oil on the planet.

This means that the choice Ontarians will have at the gas pump is DIRTY OIL OR DIRTY OIL. Which would you pick?

Every creature needs to rest. Giraffes, little babies, elephants, dogs, cats, kids, koala bears, grandparents, moms, dads, and hippos in the jungle - they all sleep! Just like eating, sleep is necessary for survival.

Sleep gives your body a rest and allows it to prepare for the next day. It's like giving your body a mini-vacation. Sleep also gives your brain a chance to sort things out. Scientists aren't exactly sure what kinds of organizing your brain does while you sleep, but they think that sleep may be the time when the brain sorts and stores information, replaces chemicals, and solves problems.

The amount of sleep a person needs depends a lot on his or her age. Babies sleep a lot - about 14 to 15 hours a day! But many older people only need about 7 or 8 hours of sleep each night. Most kids between the ages of 5 and 12 years old are somewhere in between, needing 10 to 11 hours of sleep. Some kids might need more and some need less. It depends on the kid.

Skipping one night's sleep makes a person cranky and clumsy. After missing two nights of sleep, a person will have problems thinking and doing things; his or her brain and body can't do their normal tasks nearly as well. After five nights without sleep, a person will hallucinate (this means seeing things that aren't actually there). Eventually, it becomes impossible for the brain to give its directions to the rest of the body without sleep - the brain needs to spend time in bed and catch its ZZZs!

Bullying is a big problem. It can make kids feel hurt, scared, sick, lonely, embarrassed and sad. Bullies might hit, kick, or push to hurt people, or use words to call names, threaten, tease, or scare them. A bully might say mean things about someone, grab a kid's stuff, make fun of someone, or leave a kid out of the group on purpose. Some bullies threaten people or try to make them do things they don't want

to do.

### Bullying Is a Big Deal

Being bullied can make kids feel really bad. The stress of dealing with bullies can make kids feel sick. Bullying can make kids not want to play outside or go to school. Bullying bothers everyone, and not just the kids who are getting picked on. Bullying can make school a place of fear and can lead to more violence and more stress for everyone.

### Why Do Bullies Act That Way?

Some bullies are looking for attention. They might think bullying is a way to be popular or to get what they want. Most bullies are trying to make themselves feel more important. When they pick on someone else, it can make them feel big and powerful. Some bullies come from families where everyone is angry and shouting all the time. Sometimes bullies know that what they are doing or saying hurts other people and some may not really know how hurtful their actions can be. Most bullies don't understand or care about the feelings of others. Bullies often pick on someone they think they can have power over or someone who gets upset easily or who has trouble sticking up for themselves. Sometimes bullies pick on someone who is smarter or different than they are. Sometimes bullies just pick on a kid for no reason at all.

### Preventing a Run-in with a Bully

Don't give the bully a chance. As much as you can, avoid the bully. You can't go into hiding or skip class, of course. But if you can take a different route and avoid him or her, do so. Stand tall and be brave. When you're scared of another person, you're probably not feeling your bravest. But sometimes just acting brave is enough to stop a bully. Stand tall and you'll send the message: "Don't mess with me."

Get a buddy (and be a buddy). Two is better than one if you're trying to avoid being bullied. Make a plan to walk with a friend or two on the way to school or recess or lunch or wherever you think you might meet the bully. Offer to do the same if a friend is having bully trouble. Get involved if you see bullying going on in your school - tell an adult, stick up for the kid being bullied, and tell the bully to stop.

### If The Bully Says or Does Something to You

Ignore the bully. If you can, try your best to ignore the bully's threats. Pretend you don't hear them and walk away quickly to a place of safety. Bullies want a big reaction to their teasing and meanness. Acting as if you don't notice and don't care is like giving no reaction at all, and this just might stop a bully's behavior.

Stand up for yourself. Pretend to feel really brave and confident. Tell the bully "No! Stop it!" in a loud voice. Then walk away, or run if you have to - if you do what a bully says to do, they will likely keep bullying you. Bullies tend to bully kids who don't stick up for themselves.

Don't bully back. Don't hit, kick, or push back to deal with someone bullying you or your friends. Fighting back just satisfies a bully and it's dangerous, too, because someone could get hurt. You're also likely to get in trouble.

Don't show your feelings. Try distracting yourself (counting backwards from 100, etc.) to keep your mind occupied until you are out of the situation and somewhere safe where you can show your feelings.

Tell an adult. If you are being bullied, it's very important to tell an adult. Find someone you trust and go and tell them what is happening to you. Sometimes bullies stop as soon as a teacher finds out because they're afraid that they will be punished by parents. This is not tattling on someone who has done something small - bullying is wrong and it helps if everyone who gets bullied or sees someone being bullied speaks up.

No one needs to put up with a bully's behavior. Everyone has the right to feel safe, and being bullied makes people feel unsafe. Tell someone about it and keep telling until something is done.

## Helpful Tips

1. For cleaning smelly hands after chopping onions or garlic, just rub them on a stainless steel spoon. The steel is supposed to absorb the odour.
2. Fresh coffee beans can also absorb nasty odours from your hands.
3. If you happen to over-salt a pot of soup, just drop in a peeled potato. The potato will absorb the excess salt.
4. When boiling eggs, add a pinch of salt to keep the shells from cracking.
5. Never put citrus fruits or tomatoes in the fridge. The low temperatures degrade the aroma and flavour of these picky fruits.
6. To clean cast iron cookware, don't use detergents. Just scrub them with salt and a clean, dry paper towel.
7. Will milk curdle if it is allowed to boil? It turns out that this age-old piece of wisdom isn't true, after all. Milk that has been boiled is perfectly safe to consume.
8. To clean an electric kettle with calcium build-up on the heating element, boil a mixture of half white vinegar and half water, then empty.
9. When storing empty airtight containers, throw in a pinch of salt to keep them from getting stinky.
10. If you are making gravy and accidentally burn it, just pour it into a clean pan and continue cooking it. Add sugar a little at a time, tasting as you go to avoid over-sugaring it. The sugar will cancel out the burned taste.
11. Burned a pot of rice? Just place a piece of white bread on top of the rice for 5-10 minutes to draw out the burned flavour. Be careful not to scrape the burned pieces off of the bottom of the pan when serving the rice.
12. Before you chop chilli peppers, rub a little vegetable oil into your hands and your skin won't absorb the spicy chilli oil.
13. If you aren't sure how fresh your eggs are, place them in about four inches of water. Eggs that stay on the bottom are fresh. If only one end tips up, the egg is less fresh and should be used soon. If it floats, it's past the fresh stage.
14. To banish ants from the kitchen, find out where they are coming in and cover the hole with petroleum jelly. Ants won't trek through the jelly. If they are coming under a door, draw a line on the floor with chalk. The little also won't cross a line of chalk.
15. Before making popcorn on the stove or in an air popper, soak the kernels in water for 10 minutes. Drain the water, and then pop as normal. The additional moisture helps the popcorn pop up quicker and fluffier with fewer "old maids."
16. Don't store your bananas in a bunch or in a fruit bowl with other fruits. Separate your bananas and place each in a different location. Bananas release gases which cause fruits (including other bananas) to ripen quickly. Separating them will keep them fresh longer.
17. To keep potatoes from budding in the bag, put an apple in with them.

## ACTOR FACTS ON VIN DIESEL

Given Name: Mark Sinclair Vincent

Stage Name: Vin Diesel

Date of Birth: July 18, 1967

Born: New York City, New York, USA ~ oldest of four children and has a Fraternal twin brother  
Actor, Director, Writer and Producer

- Vin's first break in acting happened by chance, when at the age of seven he and his friends broke into a theatre to vandalize it. A woman stopped them and offered them each a script and \$20, on the condition that they would attend everyday after school.
- At 17 and already sporting a well-honed physique, he became a bouncer at some of New York's hippest clubs to earn himself some extra cash. It was at this time that he changed his name to Vin Diesel.
- Vin's adoptive father was a theater director and hence Vin was often cast in a number of roles in which he gained more acting experience.
- In 1995, Diesel wrote, directed, produced and acted in a short film called Multi-Facial (1999), which was shot in less than three days at a cost of \$3,000.
- Since his first film didn't get him the recognition he hoped for, he went on to raise almost \$50,000 through telemarketing so that he could fund the making of his first feature, Strays in 1997.
- In 1997, Vin's first movie (Multi-Facial), caught the eye of Steven Spielberg, who called him and offered him a role in Saving Private Ryan (1998), starring Tom Hanks.
- Once again, Multi-Facial, earned Vin more work, when the director of The Iron Giant (1999) saw it and decided to cast Vin as the voice in the title role.
- His career has since grown quickly with such roles as 'Riddick' in the sci-fi film Pitch Black (2000) and 'Dom' in Fast and The Furious

### VIN TRIVIA

- Has an Italian Mastiff named "Roman"
- He's an admitted fan of "Dungeons and Dragons" that he played for 24 years.

- He is bi-racial, being half African-American and half Italian American
- Has a production company called One Race Productions
- During his teens, he performed break dancing in an instructional video on the subject.
- He was cast opposite Ben Affleck in Reindeer Games (2000), but left the production shortly after filming began over concerns with the screenplay and differences with director
- Revolution Studios wanted him for the title role in Hellboy (2004), but the director thought that Ron Perlman was the perfect choice for the role. In addition to being considered for the role of Hellboy in 2004, he was also considered for the part of Abe Sapien.
- Is the cousin of rapper/producer Kwame "The Boy Genius". Kwame says if you watch his old videos, you'll see Vin in a few of them.
- Once worked as a telemarketer, selling light bulbs.
- Started the video game company Tigon Studios in 2002.
- Created the acclaimed video game The Chronicles of Riddick: Escape from Butcher Bay(2004) based on the movie.

Vin Diesel is currently working on as the voice in an animated film called Rockfish and is hoping to try his hand again as the director in the upcoming 2011 film, Hannibal the Conqueror.

Look for Vin in the newly released "Midquel" of Fast and the Furious and the newly released Xbox360 game called The Chronicles of Riddick: Assault on Dark Athena.
